

TPS U-Series G2 Bullet resistant windows

Incorporating the TPS-Forster Unico Steel Framing system with certified ballistic resistant glass, these windows have been tested and approved to EN 1522 for FB4, as well as AS/NZS 2343:1997 for G2 protection

Highly suited for applications that require windows which have certified resistance against hand gun attack up to G2 rating, such as protective services buildings (police, security guards, etc), embassies, cash offices, banks, airports and other high security buildings.

Features

- ◆ Fixed windows up to 2400 x 1200 for each lite (larger sizes possible on request)
- ◆ Fully certified to AS/NZS 2343:1997, G2 (which includes G0 and G1)
- ◆ Fully certified to EN 1522, FB4
- ◆ Single and multi-panel applications
- ◆ Standard U-Series with 50mm profile and 70mm sightline
- ◆ Slimline U-Series with 30mm profile and 50mm sightline
- ◆ R2 rated ballistic resistant glass
- ◆ Available in powdercoat, paint finish, galvanised, or 304 grade Stainless Steel finish
- ◆ Easily integrated with TPS U-Series G2 rated glass bullet resistant door assemblies
- ◆ Excellent U-values achieved by framework
